(Please detach the above and include with your SOYSA soccer registration together with payment.)
P.O. Box 24072, Penticton, B.C., V2A 8L9

Information only: This program is open to all boys and girls born in 1995 and registered with SOYSA for the 2006 soccer season. The aim of the Gold program is to provide youth soccer players the opportunity to practice and scrimmage in an environment that promotes a high level of play. Any players who may be considering playing soccer at the District level, or would like to play soccer in a competitive environment, this is the program for you.

The Gold program will be in addition to the U11 house League regularly scheduled practices and games. It is our intention to schedule the U11 house team practices on nights other than the Gold program practice night. The Gold program will run from mid April to mid June, Wednesday nights from 6 to 7:30 at Kings Park, with an emphasis on skill development, small-sided games and fun! We will be drawing on the expertise of our SOYSA Head Coach to help plan and co-ordinate the program.

Last year was a huge success, and hopefully this year we will see another great turnout of both boys and girls. We are asking for assistance from other coaches and parents who wish to participate in making this again a great program.

Larry Morgan will oversee the U11 Girls Gold Program – 770 8331

Peter Ruocco will oversee the U11 Boys Gold program – 493 3433
